- <http://sites.google.com/site/zlewrecords/about-me>

## 6. Review

- How to implement for your use
- How to implement into your curriculum

## Reference Images

- Web Wheel

The image is a screenshot of a web browser displaying search results for "the great gatsby". The browser's address bar shows the search query "#q=the+great+gatsby&hl=...". On the left side, there is a sidebar with navigation options: Videos, News, Books, and More. Below these are filters for "Any time" (Latest, Past 24 hours, Past week, Past month, Past year, Custom range...), "All results" (Social, Nearby), and "All results" (Visited pages, Not yet visited, Standard view, Related searches, Wonder wheel, Timeline). The main content area features a "Web Wheel" diagram with "the great gatsby" at the center. Eight spokes radiate from the center to various related terms: "the great gatsby essay", "f. scott fitzgerald", "great gatsby symbols", "the great gatsby movie", "the great gatsby themes", "the great gatsby quotes", "the great gatsby chapter summary", and "the great gatsby and the american dream". To the right of the diagram, there are search results. The first result is from SparkNotes, titled "SparkNotes: The Great Gatsby", with a description: "From a general summary to chapter explanations of famous quotes Great Gatsby Study Guide has to ace ... Chapter 1 - Chapter 7 - Theme Chapter 3 www.sparknotes.com/lit/gatsb". The second result is from eBooks Adelaide, titled "The Great Gatsby, by F. S. The Great Gatsby, by F. Scott Fitzgerald. First published in 1925, it is set on Long Island in New York ... Writing and publication - Plot - Reception en.wikipedia.org/wiki/The\_Great\_Gatsby Cached - Similar". The third result is from Amazon.com, titled "Amazon.com: The Great Gatsby by F. Scott Fitzgerald".

- Maps

The image is a screenshot of a Windows Internet Explorer browser displaying the Google Maps website. The address bar shows the URL <http://www.google.com/maps> and the search term "egypt". The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The address bar also shows "Google" and "egypt". The browser's toolbar includes buttons for Search, Share, Bookmarks, and other functions. The browser's status bar shows "LCoBur19@gmail.com | My Profile | New! | Web History | My Account | Help | Sign out".

The Google Maps interface is visible, showing a map of Egypt. The search bar at the top left contains "egypt". Below the search bar, there are links for "Get Directions" and "My Maps". The left sidebar contains several sections:

- Photos:** A grid of six small photos showing various Egyptian landmarks and landscapes. Below the grid is a link "More photos >".
- Places:** A list of popular locations in Egypt, including "Egyptian Museum", "Valley of the Kings", "Great Pyramid of Giza", and "Temple of Kom Ombo".
- Videos:** A list of video thumbnails and titles, including "crazy traffic in Egypt (4)", "saudi arabian airlines MD 90 accident", and "Egypt".
- User-Created Maps:** A list of user-generated maps, including "Places in history in Egypt" and "The Red Sea".

The main map area shows a map of Egypt with various cities labeled in Arabic and English. A prominent inset window titled "Dahab" is overlaid on the map, showing a panoramic view of a coastal town with buildings and a beach. The inset window has a "View in Panoramio" link and a "By User" link. The map also shows the Red Sea to the east and the Mediterranean Sea to the north. The bottom of the map area contains copyright information: "©2010 Google - Map data ©2010 AND, HERE, Technologies, Google, LeadDog Consulting, Mapa GISrael, ORION-ME, Tracks4Africa - Terms of Use".

- **The Library Project / Books**

We've partnered with [renowned libraries](#) around the world to include their collections in Book Search. For Library Project books that are still in copyright, our results are like a card catalog; we show you info about the book and, generally, a few snippets of text showing your search term in context.

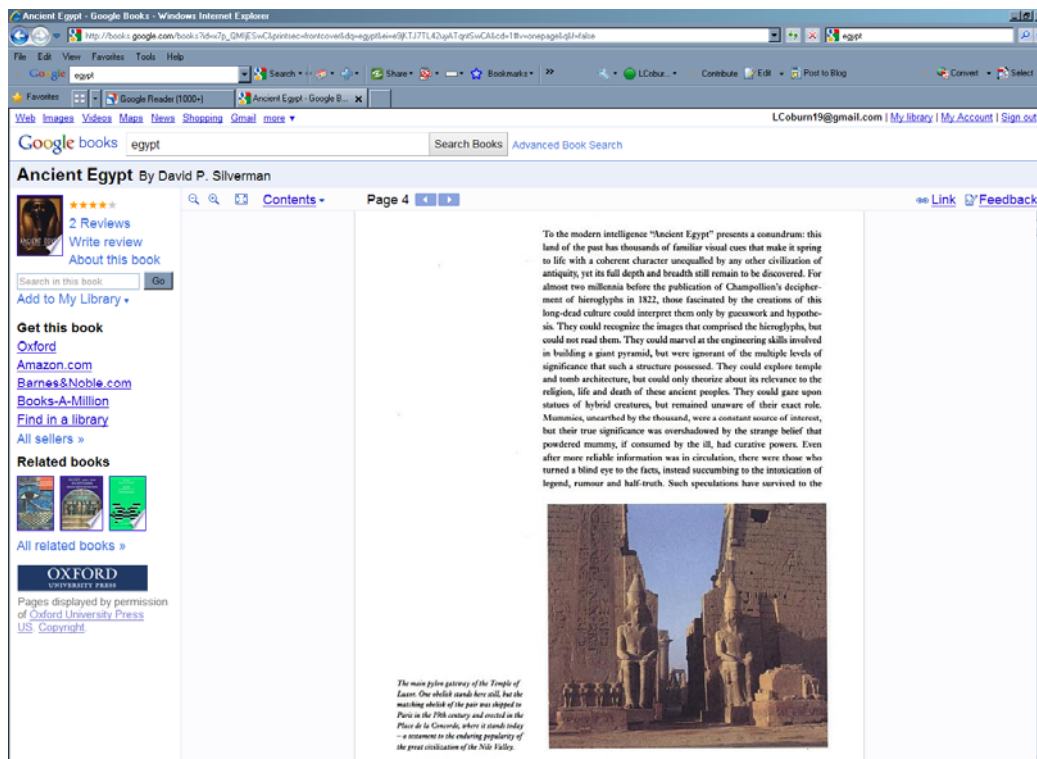

For Library Project books that are out of copyright, however, you can read and download the entire book.

Turning off the track changes feature

via Official Google Reader Blog by Brian Shih on 9/30/10

As of September 30th, we'll be turning off track changes in Reader. While this isn't a widely used feature, we wanted to let you know in advance so you can set up a suitable alternative (such as http://page2rss.com). Your previous updates will not go ... See more »

- Google Documents

The screenshot displays the Google Docs 'All items' page. At the top, there is a browser window with the URL <https://docs.google.com/?tab=yok&authuser=0&pli=1#all>. Below the browser window, the Google Docs interface is visible, featuring a search bar and navigation tabs for 'Create new' and 'Upload...'. The main content area is titled 'All items' and shows a list of documents and presentations. The list is organized by date, with sections for 'TODAY', 'EARLIER THIS WEEK', 'EARLIER THIS MONTH', and 'EARLIER THIS YEAR'. Each item in the list includes a checkbox, a star icon, the document name, sharing status (e.g., 'Not shared' or 'me to everyone, 1 collaborator'), and the last modified date and time. The sidebar on the left contains navigation options such as 'Owned by me', 'Opened by me', 'Shared with me', 'Starred', 'Hidden', 'Trash', 'Items by type', and 'More searches'. It also shows 'My folders' with sub-folders like 'Docs Class' and 'Practice Documents', and 'Folders shared with me'.
