

Guess the Design

“Design is a Journey of Discovery”

Guess the Design

Directions

Step 1: The teacher will review and introduce the following design principles: Emotion, Alignment, Proximity, Repetition, Contrast, Interface & Navigation, Color, Graphics and Typography.

Step 2: You will be assigned one of the topics listed above. You will need to find a Website which displays your design topic in a visually pleasing way as well as a **not** so visually pleasing way.

Step 3: Leave both Websites displayed on your computer screen.

Step 4: Students will go on a gallery walk to see each student's computer screen. Each student must leave a sticky note on three different computers writing what principle they think is being displayed on the computer.

Step 5: Discuss
