

Codecademy, Intro. to HTML Basics Assignment

Directions

1. Go to, <http://www.codecademy.com/tracks/web> and under the Introduction to HTML title click on 1. HTML & CSS Basics, to start that lesson.

2. Follow the lessons step by step. There are 15 lessons in this chapter. For each lesson read the content on the left side and apply the directions on the right side where the text editor is located.
3. If you follow the directions above you will receive two badges throughout the lessons and a completion notice at the end.
4. Submit: In a Google Doc place a screen shot of **your two earned badges (you must take the screen shot of the badges when they pop up! You may not return to them after)** and a screen shot of the completion screen with your name in the code for the link. Title the Document: **Web, Codecademy** Examples of the screen shots are below. *If for some reason if you do not receive the badges continue on and at least provide a screen shot of the final screen. Or login to your account and you can collect them at the end.

Badge #1

Badge #2
