

FTP Set up Information

Dreamweaver Set Up:

The screenshot shows the 'Basic' tab of the Dreamweaver FTP Set Up dialog. The 'Server Name' field contains 'mb'. The 'Connect using' dropdown is set to 'FTP'. The 'FTP Address' is 'ftp.fatcow.com' and the 'Port' is '21'. The 'Username' is 'michaelabytnar' and the 'Password' is masked with dots. The 'Save' checkbox is checked. There is a 'Test' button below the password field. The 'Root Directory' field is empty. The 'Web URL' is 'http://www.natickhighwebdesign.com/'. A 'More Options' section is expanded with a right-pointing arrow. At the bottom are 'Help', 'Cancel', and 'Save' buttons.
